IN CONTROL OF KOREA

FIRST STAGE OF JAPAN'S CAMPAIGN ENDS WITHOUT ANY REAL FIGHTING.

RUSSIANS BEYOND THE YALU

JAPANESE SCOUTS ENTER WUJU AND THE ENEMY RETREATS TO THE NORTH.

London, April 5.—Eight weeks from the opening of the war sees Japan, without any real fighting, apparently in complete possession of Korea and the first stage of the campaign ended. According to the Daily Mail's Kobe, Japan, correspondent, who telegraphs under date of April 4, a Pingyang dispatch has been received there confirming the report from Shanghai that Japanese scouts entered Wuju, Korea, at 11 o'clock a. m. Monday and that the Russians apparently retreated beyond the Yalu river, but no further news of any kind is to hand throwing light on either land or sea operations. Everything, however, is regarded as pointing to the imminence of important developments.

The Daily Mail's Seoul correspondent, telegraphing Monday, asserts that the landing of Japanese troops at Chinnampo has now ceased, but that the port is guarded by a large fleet and the Japanese base has moved north from Pingyang, where only a few troops now remain. The correspondent of the Standard at Tokio reports that the Japanese correspondents at the front who followed the army through the Chino-Japanese war express great surprise at the improvement of the Japanese troops during the past decade. The improvement is noticeable alike in equipment, organization and discipline, and more especially in the educational standard of the men.

POURING INTO HARBIN.

Soldiers of the Czar on Their Way to the Front.

St. Petersburg, April 5.—The Associated Press correspondent en route to the front, writing from Harbin, describes the scene there as he observed it.

From all sides soldiers were pouring into Harbin. The incomplete railway station there had been transformed into a barracks and almost every house in the town was occupied by soldiers.

Pristine, a short distance away, which until recently had been a small village on the bank of Sungari river, has become a city with temporary buildings which were being used by the troops, and with stores, a hotel and restaurant.

The snow-filled streets of the two cities were thronged with picturesque Cossacks, bearded Siberians, sharpshooters and galloping orderlies, all imbued with the fever to get to the front. Merchants and restaurant keepers were accused of extortion, but money was cheap.

Spring was coming on, though violent snowstorms continued to rage.

ARTILLERY MOVES SLOWLY.

Will Be a Month Before Japs Will Try to Force the Yalu.

Chefoo, April 5.—The Nippon Sen Kaisha has resumed its service between Korea and Northern China with foreign steamers. The first steamer has arrived from Chemulpo and from the passengers it was learned that the last contingent of Japan's first army landed in Korea March 20. The army consists of 50,000 men, including coolie carriers. Japan has made Anju a frontal base and has bridged the Changchung and Pakchung rivers, and is ready to advance by three roads to the Yalu river. It will possibly be a month, however, before a big battle will be fought, as the artillery moves slowly on account of the poor horses and the bad management of the horses. Otherwise the organization of the Japanese forces is almost perfect. An immense quantity of supplies is going forward by coolie carriers.

It was also learned from the passengers that work had been resumed at the American mines at Unsan.

SUBMARINE MINES LAID.

Russians Protect Mouths of Yalu and Liao Rivers.

Paris, April 5.—The St. Petersburg correspondent of the Petit Parisien says that according to advices received from Port Arthur the Russians have laid many submarine mines at the mouths of the Yalu and Liao rivers. He adds that the general staff has ordered the arming of the forts and batteries at Liban, and that the measure has caused great excitement there.

COSSACKS WILL DISAPPEAR.

Expect to Turn Up in a Locality Which Is Kept Secret.

Paris, April 5.—According to the St. Petersburg correspondent of the Echo de Paris, General Mishchenko and Colonel Pavloff have telegraphed General Kuropatkin that they will disappear for some time with their Cossacks, but will soon reappear at a locality which is kept a secret.

Declines to Accept Office.

Seoul, April 5.—Hyung Yong Un, who was recently appointed Korean minister to Japan, has declined to accept the office.

SHROUDED IN SILENCE.

Movements of Russian Troops Now Kept Secret.

St. Petersburg, April 5.—As the time approaches for the opening of land operations on a large scale, the Russian authorities are exercising greater vigilance to prevent the news of their plans for the disposition of troops in the theater of war from going abroad. For ten days not a scrap of real information except such as is contained in official dispatches, has been given out or has come from the front. There practically exists an embargo upon news dispatches.

It is as if an impenetrable curtain had suddenly been rung down on the stage of the war in East Asia. Behind this curtain the greatest activity prevails. General Kuropatkin, at his temporary headquarters in Liaoyang, is directing the execution of his plans, moving the troops, strengthening the positions selected, and otherwise looking after the organization and innumerable wants of the army in the field.

That the general's plan of campaign has been worked out, and that it involves the playing of a waiting game until the disposition of the army has been completed, can be stated with positiveness. It can also be stated that these plans are progressing even more rapidly than expected. Every day is now considered a distinct gain for the Russians and as distinct a loss for the Japanese. For this reason it can be confidently predicted that the Russians will not do more than harass the Japanese advance in Korea.

Part of Russian Tactics.

The gradual withdrawal of the Russians does not mean anything as determining the fighting capacities of the men of the respective armies; it is part of the Russian tactics.

The melting of the snow in a mountainous country will render impassable in the spring the roads over which the Japanese must come and this is considered to be almost as effective an opposition as a Russian army corps.

The Russians also count upon a Japanese flanking movement in connection with a frontal attack, and therefore a Russian force has been disposed along the Tumen to prevent the entrance of a Japanese column there. Another flanking movement is expected at the head of the Liaotung gulf near Newchwang, and everything there is being prepared to receive the enemy, but for the present the Russian military authorities believe that the Japanese game at this point has been blocked by the failure of the attempts to bottle up and render immobile the fleet of Vice Admiral Makaroff, which, while free, will be too great a menace to the movement of Japanese transports into the Gulf of Pechili. Another effort to block Port Arthur is consequently expected daily.

One of the principal reasons for Viceroy Alexieff's visit to Port Arthur is understood to have been to consult Vice Admiral Makaroff with a view to devising plans for defeating those attacks. It is hinted in high quarters that the next time the Japanese appear off Port Arthur they will find a surprise awaiting them.

Viceroy Alexieff has returned to Mukden.

UPSETS THE MARKET

HARRIMAN'S PETITION CAUSES CONFUSION AMONG STOCK SPECULATORS.

HOSTILE INTERESTS AT WAR

FORMER BELIEF THAT HARMONY EXISTED IN THE MERGER CASE ERRONEOUS.

New York, April 5.—Speculators who have been trading for two weeks in the confident belief that they knew the inside facts of the Northern Securities settlement were nonplussed by the terms of the petition of the Union Pacific interests for an injunction against the distribution of Northern Securities assets on the plan proposed. It had been expected that some judicial opinion would be invited on the proposed plan, but the question of legality in the substitution of collateral for the Northern Securities stock now held against the Oregon Short Line bond issue was the only one which had been admitted to be at issue in view of the protestations from all interests concerned that perfect unity and harmony existed.

But a perusal of the petition makes so strong an impression of a conflict of hostile interests that sentiment in the stock market was upset. So far from an appearance of resignation to the community of interest in control of Northern Pacific, the Union Pacific's contention indicated a determination to conserve its control of the Northern line secured in 1901 at such disastrous consequences to the stock market in general.

Fear of Conflict Revived.

This condition was so at variance with the impression industrially cultivated in the stock market for the past two weeks that apprehension of a conflict between the two powerful rivals, which might extend to the Securities market, was revived. The suppositions used to explain the recent large buying of Union Pacific were decided to be groundless and the surmise of the market's shift back to the hypothesis of the competitive buying for control.

Demand for Union Pacific was again conspicuous Monday and carried the price at one time as high as 90. The stock's gain on the day was 3½, on total sales of 189,910 shares. It was only momentarily below Saturday on the reaction which followed the opening bulge and carried higher by successive buying orders. The opening break in the general list was partly repaired in sympathy with the first strength of Union Pacific, but the persistence and the volume of the demand for that stock awakened the fears of the traders and the general list was sluggish and heavy for the rest of the day. St. Paul was most acutely affected by the opening break, as it has been most actively speculated in on the unwarranted assumptions of the course of the Northern Securities settlement.

St. Louis Puts Up Forty Thousand Dollars for Democratic Convention.

St. Louis, April 5.—The subcommittee of the national committee in charge of the arrangements for the national convention to be held at the Coliseum met here to receive a report from the local committee on arrangements. The latter reported that the sum of \$40,000, pledged by St. Louis towards defraying the expenses of the convention, had been subscribed.

It also reported in detail the arrangements planned for seating the delegates, alternates and guests in the convention hall. The plan submitted embraces 9,500 seats, of which 4,000 will be located in the arena of the Coliseum. The individual members of the national committee will have the distribution of the guest tickets, outside of those for the press and the local arrangement committee. The subcommittee approved the arrangements except in a few minor particulars.

Telephones will connect each state delegation with all the other delegations and with the desks of the chairman and clerk.

OKLAHOMA BANK CLOSED.

Largest Institution in the State Suspended.

Guthrie, Okla., April 5.—The Capital National bank of this city, the largest and one of the oldest banking institutions in Oklahoma and a territorial and United States depository, closed its doors Monday. It was placed in the hands of the comptroller of the currency.

C. E. Billingsley, president of the suspended bank, made a statement in which he says that the depositors will be paid in full. When the bank closed its doors there were \$1,255,000 in assets and \$1,022,000 of liabilities.

The suspension was caused directly by the filing of a suit about three weeks ago against the Holdenville National bank, of which Mr. Billingsley is president, and its failure last week.

GENERAL LAND LAWS.

Subject of Considerable Controversy in the Senate.

Washington, April 5.—Though the postoffice appropriation bill was before the senate almost the entire day, the early debate on the measure was in relation to general land laws. Mr. Gibson of Montana denied that the opponents of the bill for the repeal of the desert land act and the commutation clause of the homestead act were proceeding at the instigation and in the interest of land grant railroads. Mr. Gibson, aided by Mr. Quarles of Wisconsin, made light of the charge that a lobby was maintained in Washington to fight for the passage of this bill.

Messrs. Hansbrough of North Dakota and Warren of Wyoming took the other side of the question. Mr. Hansbrough mentioned by name George H. Maxwell, who, he said, was drawing a princely salary for the work he did.

Considerable progress was made with the postoffice appropriation bill. Both provisions of the bill relating to sites for postoffice purposes in New York city as amended by the senate committee were agreed to. Other important amendments agreed to provide for the transfer of the free delivery service from the office of the fourth assistant postmaster general to the office of the first assistant postmaster general; strike out the age limit for cars used in the railway mail service and eliminate the restrictions placed on first and second class postmasters in regard to telephone service.

ATTEMPT ENDS IN FAILURE.

House Refuses to Consider Appropriation for Portland Exposition.

Washington, April 5.—In the house of representatives Monday an attempt to secure consideration under suspension of the rules of the bill appropriating \$475,000 for the Lewis and Clark centennial exposition to be held in Portland, Ore., in 1905, failed after the house had divided several times and the roll had been called twice.

The military academy appropriation bill was taken up and after Mr. Parker, in charge of the bill, had explained its feature briefly, Mr. Goldfogle of New York spoke in behalf of the Jews of the United States, for whom he asked equal treatment and protection while traveling in Russia.

Mr. Livernash (Cal.) made an attack on President Roosevelt, and Mr. Morrell of Pennsylvania discussed the negro question. Consideration of the bill was not concluded when the house adjourned for the day.

CAUSING GREAT DIFFICULTIES.

Exodus of Koreans Along Japanese Line of March.

Paris, April 5.—The Tokio correspondent of the Petit Parisien says that the exodus of the Korean population along the Japanese line of march is causing great difficulties and that the Japanese minister at Seoul is doing his utmost to restore the confidence of the Koreans.

UNDER A BOARD OF CONTROL.

Iowa Legislature Places State Educational Institutions.

Des Moines, Ia., April 5.—After the most spirited and acrimonious debate in the history of the present legislature, the senate Monday afternoon, by a vote of 37 to 15, passed the bill doing away with the board of regents for the state educational institutions and placing them under a board of control, known as an educational board of regents. The bill is revolutionary in character and provides for a board of three members, which will have general control of all the institutions.

COMMISSION WINS OUT

ANTHRACITE ROADS MUST PRO-

DUCE CONTRACTS WITH THE COAL COMPANIES.

Washington, April 5.—The case of the Interstate Commerce Commission vs. Baird, commonly known as the anthracite coal case, has been decided by the supreme court of the United States in favor of the contentions of the commission, the decision of the United States circuit court for the Southern district of New York being reversed.

This is the case instituted before the commission by W. R. Hearst of New York, who alleged discrimination by the railroad companies which reached the anthracite coal mines in Pennsylvania. During the hearing some of the witnesses refused to produce certain contracts bearing upon the business of the railroad companies and the coal mines, which action was upheld by the circuit court of New York. The United States supreme court holds that the contracts should have been supplied. The opinion was handed down by Justice Day.

Justice Brewer dissented, but did not deliver an opinion.

JAPANESE WARSHIPS ONCE MORE

BOMBARD THE STRONGHOLD OF THE RUSSIAN.

London, April 5.—The Times correspondent at Chefoo, cabling under date of April 4, says there was another bombardment of Port Arthur, April 3, but that there are no authentic details of the engagement available.

CHANNEL IS STILL OPEN.

Attempt of Japs to Block Port Arthur Futile.

London, April 5.—The Morning Post's correspondent says that Japanese torpedo boats, scouting at Port Arthur, discovered, unencumbered a channel 130 yards wide which still admits of the passage of vessels.

The Times correspondent at sea on April 4 in a wireless message via Weihaiwei says:

"I am cruising in the vicinity of Port Arthur, and have discovered no evidence of vessels of either belligerent. The impression is gaining ground that the Russians were not totally shut in by the Japanese attack of March 27."

The Times Chefoo correspondent says the Liao river is extensively mined and that twelve stone-laden junks are ready for sinking at the entrance to the river at a moment's notice. The guns of the Russian gunboat Sivouch have been reshipped.

HUNDREDS ARE HOMELESS.

Fire Wipes Out Valuable Property in West Tampa, Fla.

Tampa, Fla., April 5.—As near as can be ascertained the fire which swept West Tampa Monday afternoon caused a loss which will exceed \$300,000. The only death resulting is that of a Cuban baby, buried in one of the cigar factories.

The factories of Santa Ella & Company, Sam Caro & Co., both of Chicago; J. M. Martinez, and L. Sanchez of Tampa, were the heaviest losers. The Santa Ella company lost \$125,000 worth of tobacco. Fifteen blocks of business houses and nearly 200 tenements were destroyed. West Tampa has only a small water plant, and the water supply was inadequate. Hundreds of families of cigarmakers are homeless.

GENERAL LAND LAWS.

Subject of Considerable Controversy in the Senate.

Washington, April 5.—Though the postoffice appropriation bill was before the senate almost the entire day, the early debate on the measure was in relation to general land laws. Mr. Gibson of Montana denied that the opponents of the bill for the repeal of the desert land act and the commutation clause of the homestead act were proceeding at the instigation and in the interest of land grant railroads. Mr. Gibson, aided by Mr. Quarles of Wisconsin, made light of the charge that a lobby was maintained in Washington to fight for the passage of this bill.

Messrs. Hansbrough of North Dakota and Warren of Wyoming took the other side of the question. Mr. Hansbrough mentioned by name George H. Maxwell, who, he said, was drawing a princely salary for the work he did.

Considerable progress was made with the postoffice appropriation bill. Both provisions of the bill relating to sites for postoffice purposes in New York city as amended by the senate committee were agreed to. Other important amendments agreed to provide for the transfer of the free delivery service from the office of the fourth assistant postmaster general to the office of the first assistant postmaster general; strike out the age limit for cars used in the railway mail service and eliminate the restrictions placed on first and second class postmasters in regard to telephone service.

ATTEMPT ENDS IN FAILURE.

House Refuses to Consider Appropriation for Portland Exposition.

Washington, April 5.—In the house of representatives Monday an attempt to secure consideration under suspension of the rules of the bill appropriating \$475,000 for the Lewis and Clark centennial exposition to be held in Portland, Ore., in 1905, failed after the house had divided several times and the roll had been called twice.

The military academy appropriation bill was taken up and after Mr. Parker, in charge of the bill, had explained its features briefly, Mr. Goldfogle of New York spoke in behalf of the Jews of the United States, for whom he asked equal treatment and protection while traveling in Russia.

Mr. Livernash (Cal.) made an attack on President Roosevelt, and Mr. Morrell of Pennsylvania discussed the negro question. Consideration of the bill was not concluded when the house adjourned for the day.

CAUSING GREAT DIFFICULTIES.

Exodus of Koreans Along Japanese Line of March.

Paris, April 5.—The Tokio correspondent of the Petit Parisien says that the exodus of the Korean population along the Japanese line of march is causing great difficulties and that the Japanese minister at Seoul is doing his utmost to restore the confidence of the Koreans.

UNDER A BOARD OF CONTROL.

Iowa Legislature Places State Educational Institutions.

Des Moines, Ia., April 5.—After the most spirited and acrimonious debate in the history of the present legislature, the senate Monday afternoon, by a vote of 37 to 15, passed the bill doing away with the board of regents for the state educational institutions and placing them under a board of control, known as an educational board of regents. The bill is revolutionary in character and provides for a board of three members, which will have general control of all the institutions.

COMMISSION WINS OUT

ANTHRACITE ROADS MUST PRODUCE CONTRACTS WITH THE COAL COMPANIES.

Washington, April 5.—The case of the Interstate Commerce Commission vs. Baird, commonly known as the anthracite coal case, has been decided by the supreme court of the United States in favor of the contentions of the commission, the decision of the United States circuit court for the Southern district of New York being reversed.

This is the case instituted before the commission by W. R. Hearst of New York, who alleged discrimination by the railroad companies which reached the anthracite coal mines in Pennsylvania. During the hearing some of the witnesses refused to produce certain contracts bearing upon the business of the railroad companies and the coal mines, which action was upheld by the circuit court of New York. The United States supreme court holds that the contracts should have been supplied. The opinion was handed down by Justice Day.

Justice Brewer dissented, but did not deliver an opinion.

The grand jury of Hennepin county is causing ex-Mayor Ames much anxiety. His graft regime is being investigated again.

JUDGE COLLINS and those Great Northern attorneys make a very pretty running team, remarks the Bemidji Pioneer.

The St. Cloud Times intimates that Bro. Vasaly's Hearst sentiment, heralded abroad in his Little Falls Herald, will bar him from becoming a delegate from the Sixth district to the National Democratic convention.

ANDREW CARNEGIE will help down the few rich men in New York in their endeavors to defeat Roosevelt for re-election. "If there is any trouble about raising a fund for all the proper purposes of a campaign," said Mr. Carnegie, "come to me. The president shall not be beaten by a conspiracy of rich men to defeat him if I can help it."

JUDGE COLLINS is writing letters telling how he is the only real good thing that can save the people from the awful corporations. When he was a candidate against John Willis for supreme court judge he was the only right thing that would save the invested dollars from the anarchists and mobs. He is about the snappiest little protector we ever saw. But the state of Minnesota will try and worry along a few years with Honest Bob Dunn for Governor.—Little Falls Transcript.

BOARD OF EDUCATION

The Regular Monthly Meeting of Board Held Last Night at the Washington School Building.

There was a meeting of the board of education last night and the following members were present: Hemstead, Congdon, Halladay, Hagberg, Preston, Erickson and Mahlum.

A communication was read from N. W. Harris & Co., Chicago, confirming the contract made with the board relative to the purchase of the \$35,000 4½ per cent refunding bonds.

A communication was read from Architect Waugenstein asking that he be reimbursed for the expense incurred in traveling to and from Brainerd the past year. The matter was referred to the clerk to look up and report.

The report of Supt. Hartley on the book room was received and filed.

There were two reports from the special committee appointed to look up the matter of fire apparatus for the schools. The majority report favored one thing and the minority report another and so the board decided to defer action.

Miss Vivian Anderson sent in her application for the position of text book clerk, and it was referred to the teachers' committee.

Board adjourned.

BLAZE AT NOON CAUSES ALARM

Frame Structure on Seventh Street Owned by J. F. McGinnis was Destroyed by Fire

RESULTED IN QUITE A LOSS

F. J. Murphy, M. J. Reilly, Singer Mfg. Company and J. F. McGinnis Are Losers

At noon today an alarm was sent in from Seventh street and the department quickly responded to the call which was from the small frame building owned by J. F. McGinnis next to the M. J. Reilly block. When the members of the department arrived the flames were penetrating through the walls and a delay in getting the water turned on was caused from the fact that the hydrant on the corner of Seventh and Front was frozen, so the fire soon got in its work.

The building was soon enveloped and it seemed as though the M. J. Reilly block just across the alley to the north was doomed, but fortunately the wind sort of whipped the flames in another direction and the fire was confined to the one building.

The building was occupied by F. J. Murphy, who conducted his plumbing business on the north side and the Singer Mfg. company, who occupied the south half. Agent Orne, of the Singer Mfg. company, was away at the time of the fire as also was Mr. Murphy. The fire caught in the rear end of the plumbing shop, and as the building was nothing but a skelton frame shack it burned very rapidly.

Some of Mr. Murphy's stock of plumbing goods was removed from the building and it is thought that the \$500 insurance he carried will cover the balance. The Singer Mfg. company carried insurance, but most of the stuff was owned by Agent Orne and he carried no insurance.

J. F. McGinnis, who figures his loss at about \$1000 carried \$500 on the building. M. J. Reilly had several tons of feed in the rear of the building and this was damaged. He carried no insurance on this.

Manager Walker, of the Brainerd telephone exchange, loses quite heavily from burnt cables, wires, etc.

This is the second time this old building has burned within four years. The last time it burned it was not completely gutted and it will be remembered that there was a fierce fight between Mr. McGinnis and the council over the matter of rebuilding. Mr. McGinnis finally won out by a technicality and notwithstanding it was in the fire limits, put up the frame structure that was burnt today.

CURE CATARRH BY BREATHING

H. P. Dunn & Co. Offer to Return Money If Hyomei Treatment Fails To Cure Catarrh Without Stomach Dosing.

If for a few minutes four times a day you breathe Hyomei, all catarrhal germs will be destroyed and the irritated mucous membrane restored to health.

With every Hyomei outfit there is a neat inhaler which can be carried in the purse or pocket. Hyomei breathed through this contains the same healing balsams that are found in the air upon the mountains, where catarrh is unknown.

It destroys all catarrhal germs in the air passages of the head, throat and nose, and makes a positive and permanent cure of catarrh.

The complete outfit costs but \$1, while extra bottles of Hyomei can be obtained for 50c., making it one of the most economical of treatments for catarrh.

H. P. Dunn & Co. believe so thoroughly in the merit of Hyomei, that they guarantee to return the money if it fails. This is certainly the strongest evidence they can give of their faith in the Hyomei treatment. It enables any one to use Hyomei without risk of spending money for nothing.

Ask them to show you a Hyomei outfit and explain to you what a simple and easy way it is to relieve and cure your catarrhal troubles. 13

New Ordinance Regulating Telephone Rates in City Was
Passed by Council

THE SEWER BIDS WERE OPENED
Green Bay Man Gets Contract—
Henry McGinn Elected Alderman from Fifth Ward.

Telephone rate in resident portion of the city is raised to \$1.50.
E. T. Webster, of Green Bay, Wis., awarded sewer contract for the sum of \$8,222.60.
Henry McGinn was elected alderman from the Fifth ward to succeed F. H. Gruenhagen.
Dr. J. A. Thabes was re-elected a member of the local board of health.

The meeting was called to order and in the absence of President Crust and Vice President Johnson, Alderman Robertson was named as chairman. Aldermen Halladay, Gardner, Purdy, Murphy, Rowley and Larson responded to the roll call. Vice President Johnson came in and took the chair.

The report of Supt. Peterson, of the electric light plant, showed 98 incandescent lights cut in during the month; 12 were cut out. Enclosed arc lights in use, 20; street arc lights in use, 91. The report was on motion received and placed on file.

A communication was read from the secretary of the state board of corrections and charities stating that there is need of more bedding in the city jail. The communication was referred to the committee on health, sewerage and police.

John Barbeau has been appointed a special police at the shops by Mayor Halsted, without pay, and the council last night confirmed the appointment.

The report of Chief of Police Sargent for the month of March contained the following data: There were 20 arrests in city cases, 6 were committed, 5 sentences were suspended, 4 were discharged, 5 paid fines, 7 were for drunkenness, 4 for disorderly conduct, 1 assault and battery, 4 for vagrancy. The report was on motion accepted as read and filed.

The following pay rolls were allowed: City employees, \$333.33; Police department, 320.00; Fire department, 122.50; Electric lights, 443.50; Street employees, 29.44.

The pay rolls were allowed but not until after considerable discussion resulting from the absence from their duties of several of the city employees. This matter has been under consideration before by the council, but nothing was ever done to remedy the evil of employees receiving pay for days that they were not on duty. No action was taken notwithstanding the discussion.

The street committee had all kinds of reports to make as a result of the spring thaw, and all the matters were referred to the street committee with power to act.

It seems that there has been considerable complaint again regarding the blocking up of Laurel street with ties etc. between Ninth and Tenth streets. Several of the councilmen were of the opinion that this street should be opened up and kept open for all time to come and one or two of the aldermen expressed themselves in a rather forcible manner on the subject. Finally it was decided by unanimous vote to refer the matter to the city attorney with power to act.

A special committee, headed by Alderman Robertson from the Second ward, reported last night on the request of Manager C. A. Walker to have the telephone rate for the resident portion of the city raised. Figures were submitted giving the rate in other cities in a class with Brainerd. Brainerd's rate was \$3 for commercial business and \$1 for residences.

The following rates were found to exist in the following cities:

	Business	Res.
Mankato	\$2.50	\$1.50
Winona	2.50	1.50
Crookston	3.00	2.50
Fergus Falls	2.00	1.50
Anoka	1.50	1.25
St. Cloud	4.00	3.00
Red Wing	3.00	2.00
Fargo	4.00	3.00

These rates are for single party phones. There is a slight shaving where one is on a party phone. Manager Walker submitted figures to the committee which showed that he was actually losing money in this city on his residence phones. In view of the figures above and in view of the further investigations made by the special committee Alderman Robertson, on behalf of the special committee, recommended that the rate in this city be raised.

An ordinance which had been prepared was then submitted regulating the rate, which provided \$3.00 for business phones and \$1.50 for residence phones, the telephone exchange to furnish the city with phones at each of the fire stations now established or to be established in the future, one phone at the

office of the city clerk, one at the office of the superintendent of electric lights and another at the electric light station. The ordinance was unanimously adopted.

Manager Walker submitted some figures on the cost of operation and these were also taken into consideration by the councilmen and it was deemed that the rental of \$1.00 a month for a residence phone was unreasonably low. Mr. Walker has figured that the average phone in his system costs him \$17.22 a year and this does not include light and fuel and neither does he figure any compensation for himself. At the rate of \$1.50 the amount he would receive, therefore, from a residence phone would be only \$18.00 a year. Under the present system he is getting but \$12.00 a year out of these phones.

The term of Dr. J. A. Thabes, as a member of the local board of health, expired last night and the council had to elect a new member. Dr. Thabes was not exactly a candidate, but his name was presented and he went in with an unanimous vote. His services have evidently been appreciated by the council. Dr. Thabes has made a good official and he stands high with the state board.

The time was ripe last night for the election of an alderman to succeed F. H. Gruenhagen, of the Fifth ward, who resigned a short time ago so that he would be in a position to bid on the sewers this summer. When Vice-President Johnson announced that nominations would be in order, three gentlemen well known in the Fifth had their names put forward. The names of M. J. Reilly, Dan Doran and Henry McGinn were presented. But one ballot was taken and it stood 6 for McGinn, and one each for Reilly and Doran. Mr McGinn was declared the choice of the council for the position. He is not a novice as he has had considerable experience before as an alderman. He is one of leading business men of the city and the choice is considered a good one.

The bids for the Second ward main sewer were opened last night. Of the seven bids submitted at a previous meeting four of them were left in and the council decided to open these last night. The bidders were Pastorette & Lonze, of Two Harbors, F. H. Gruenhagen, of Brainerd, E. T. Webster of Green Bay, Wis., and T. M. Reilly, of Brainerd. The bids were all submitted in figures on the detail work, no lump sum being given except in Mr. Reilly's. It therefore took some time to figure them out, but it was evident from the start that E. T. Webster's bid was the lowest. In the interim there was considerable discussion about the legality of the Webster bid. It seems that in calling for bids the council stated that a certified check equal to a certain per cent would have to accompany the bid. In the case of E. T. Webster the check was \$500 shy, but the afterward sent on this amount. Mr. Gruenhagen raised the point that this invalidated the bid and that it could not be considered. The city attorney held otherwise, however. Several parleys passed between Alderman Robertson and ex-Alderman Gruenhagen on the subject, but nothing of a serious nature.

When the bids were figured out it was found that Mr. Webster's bid was the lowest and he was awarded the contract for \$8,222.60.

WHITE BROS.' BID WAS \$19,600

Some Lower Bids Were Received but Contract Went to this Firm Notwithstanding.

Yesterday afternoon the bids for the new Koop building, advertised for some time ago, were opened by Mrs. S. Koop. There were five bids in all, every one of them by local contractors, and White Bros. secured the contract at \$19,600.

The following were the five bids received:

White Bros.	\$19,600
Christ West	19,365
George Kreatz	19,685
C. B. Rowley	19,575
Lon Everett	18,775

White Bros. were not the lowest bidders as will be seen from the figures but they got the contract nevertheless. Work will commence on the building at once.

A. H. BENNETT
ELECTED CHIEF

Of the Fire Department Last Night—Peter Peterson First Assistant Chief

OTHER OFFICERS WERE ELECTED

Rather a Garrison Finish in which there Was a War of Words Between Two Members.

There was a general meeting of the Brainerd fire department last night called for the purpose of electing officers for the ensuing year, and it took on the spirit of rivalry to a greater extent than any meeting of the kind held for some time, but it was all good natured during the course of election. At the close there were a few words passed between R. L. Weeks and Retiring Chief Stallman. The former asked for a statement of finances during the tenure of the former's office, referring to one item in particular. Mr. Stallman said to have replied in a rather frenzied manner and one word brought on another until there was a rather fierce war brooding, but it was quieted down and no one drew "first blood."

The election proper, especially for chief and treasurer, was quite animated but not at all unbecoming. A. H. Bennett, who was chief before Stallman's term, was up for re-election. His opponent was Joe Weitzel, who has been connected with the department for a long time and is a good fire fighter. Mr. Bennett was elected on the first ballot, the vote standing, Bennett 37; Weitzel 33.

Peter Peterson and George Bell were the candidates for the position of first assistant chief of the fire department, but the former won out by a small majority. Mr. Peterson has seen considerable service in the Brainerd department and is deemed a good man for the place.

Peter Wolvert was elected to the position of assistant chief without opposition.

There was another tug-of-war when it came to the election of treasurer and Si Hall, who has been the "war horse" of the department and the watchdog of the treasury for nearly two decades found an opponent worthy of his steel in John Thompson. Both men have all kinds of friends in the department but Mr. Thompson succeeded in getting just a few more votes than Mr. Hall and was elected.

The new president, A. H. Bennett, is well known in Brainerd. He is an aggressive member of the department and is one of the best fire fighters in the city.

Members of Black Hawks and Bachelor Maids Have a Joint Debate Last Night and the Ladies Won out

They are good fellows, but why they did not rise to the supreme height and sustain the position of woman, noble woman, throughout all these centuries, is an enigma, but perhaps they were faint hearted. Last night the members of the Bachelor Maids and the members of the Black Hawks met in joint debate. The ladies have had it in for these young men who have provided a way to enlighten the world on some very important subjects, and after it was all over last night the boys really felt as though they had dyspepsia of the brain.

The young ladies submitted the question, "Resolved, that woman has done more to moralize the world than man." They gave the men the choice and they took the affirmative, and then to make such a failure and not be able to point out the principles in woman's career and place it up against that of man's with the following were the debaters:

Bachelor Maids—Misses Adams, Clotilde McCullough and Edna Stickney. Black Hawks—F. M. Stout, Dr. Hoorn and Harold Smith.

MUSIC AND DRAMA.

"WHEN KNIGHTHOOD WAS IN FLOWER."

One of the biggest productions of the season will be "When Knighthood Was in Flower," which will be seen at the Brainerd opera house next Monday night, April 11. The dramatization of Charles Major's highly successful novel was made by Paul Kester for Julia Marlowe, who gave it a superb mounting. Manager Frank Perley has secured Miss Marlowe's complete production, scenery, costumes and general equipment and will present it here with Miss Roselle Knott in the leading role of Mary Tudor. Miss Knott is well known for her excellent work as leading lady with Robert Mantell, but she has held even more important positions than that, having been in Mr. Mansfield's company, "Lygia" in F. C. Whitney's original production of "Quo Vadis" and star of Amelia Bingham's production of "A Modern Magdalen."

In the role of Princess Mary, sister of King Henry VIII, she has a part which it is said she is most admirably suited for physically, and which she plays charmingly. Plays dealing with the period when Knight Errantry was supposed to be in vogue, have a peculiar charm for the majority of theatre-goers, and "When Knighthood Was in Flower" has been one of the most successful of them, and furthermore, seems destined to be longer lived. Manager Perley has engaged a most capable company.

The leading male role, that of Charles Brandon, the young soldier who dares to love the princess, will be played by Mr. Charles Dalton, himself a well known and successful star.

JOHN W. SMALL PROMOTED

Former Brainerd Boy's Ability Is Recognized in the West Again—Becomes Master Mechanic at Los Angeles

The following taken from the Tucson, Arizona Citizen will be of interest:

"John W. Small, who came here from Wadsworth, Nevada, four years ago, relieving L. S. Pratt, who is now located at the above point as master mechanic, will be relieved by R. A. Johnson April 1, the former going to Los Angeles to take charge of the great shops of the S. P. at that point.

"Mr. Small, who had a tempting offer to become associated with the Colorado Southern, has proven himself to be a first class man as the head of the mechanical department of the S. P. at Tucson. He introduced a number of new and excellent features in the department and has won the friendship of the employees under his direction, besides among those who have been fortunate enough to form his acquaintance. The change will signify an advanced salary at a place he will have a wider field in which to exert his influence and talents."

New Ordinance Regulating Telephone Rates in City Was Passed by Council

THE SEWER BIDS WERE OPENED

Green Bay Man Gets Contract— Henry McGinn Elected Alderman from Fifth Ward.

Telephone rate in resident portion of the city is raised to \$1 50. E. T. Webster, of Green Bay, Wis., awarded sewer contract for the sum of \$8,222.60. Henry McGinn was elected alderman from the Fifth ward to succeed F. H. Gruenhagen. Dr. J. A. Thabes was re elected a member of the local board of health.

The meeting was called to order and in the absence of President Crust and Vice President Johnson, Alderman Robertson was named as chairman. Aldermen Halladay, Gardner, Purdy, Murphy, Rowley and Larson responded to the roll call. Vice President Johnson came in and took the chair.

"WHEN KNIGHTHOOD WAS IN FLOWER."

One of the biggest productions of the season will be "When Knighthood Was in Flower," which will be seen at the Brainerd opera house next Monday night, April 11. The dramatization of Charles Major's highly successful novel was made by Paul Kester for Julia Marlowe, who gave it a superb mounting. Manager Frank Perley has secured Miss Marlowe's complete production, scenery, costumes and general equipment and will present it here with Miss Roselle Knott in the leading role of Mary Tudor. Miss Knott is well known for her excellent work as leading lady with Robert Mantell, but she has held even more important positions than that, having been in Mr. Mansfield's company, "Lygia" in F. C. Whitney's original production of "Quo Vadis" and star of Amelia Bingham's production of "A Modern Magdalen."

In the role of Princess Mary, sister of King Henry VIII, she has a part which it is said she is most admirably suited for physically, and which she plays charmingly. Plays dealing with the period when Knight Errantry was supposed to be in vogue, have a peculiar charm for the majority of theatre-goers, and "When Knighthood Was in Flower" has been one of the most successful of them, and furthermore, seems destined to be longer lived. Manager Perley has engaged a most capable company.

The leading male role, that of Charles Brandon, the young soldier who dares to love the princess, will be played by Mr. Charles Dalton, himself a well known and successful star.

Common Sense.

Methods are always best. Intelligent people, realizing that neglected colds and coughs are dangerous and often fatal, begin treatment early. Greene's Cough Cure is a remedy of the first class—always safe, sure and reliable. Croup, grippe, pneumonia and lung troubles quickly melt before this medicine. Best for children. We recommend and sell it. H. P. Dunn & Co.

JOHN W. SMALL PROMOTED

Former Brainerd Boy's Ability Is Recognized in the West Again—Becomes Master Mechanic at Los Angeles

The following taken from the Tucson, Arizona Citizen will be of interest:

"John W. Small, who came here from Wadsworth, Nevada, four years ago, relieving L. S. Pratt, who is now located at the above point as master mechanic, will be relieved by R. A. Johnson April 1, the former going to Los Angeles to take charge of the great shops of the S. P. at that point.

"Mr. Small, who had a tempting offer to become associated with the Colorado Southern, has proven himself to be a first class man as the head of the mechanical department of the S. P. at Tucson. He introduced a number of new and excellent features in the department and has won the friendship of the employees under his direction, besides among those who have been fortunate enough to form his acquaintance. The change will signify an advanced salary at a place he will have a wider field in which to exert his influence and talents."

We guarantee Greene's Infallible Liniment for burns, bruises, cuts, sprains, sores, scalds, wounds and muscular rheumatism. It is a remarkable remedy. Our customers will make no mistake in buying it. Money cheerfully refunded if it does not give entire satisfaction. Who could do more? H. P. Dunn & Co.
